September 21, 2004

Dear Sir/Madam:

I am the urban planning expert assigned by the Japan International Cooperation Agency (JICA) at the Metropolitan Manila Development Authority.

JICA has worked with SRDP Consulting Inc. on some Geographic Information System Mapping Projects, namely:

Makati City Transit Map  
Metropolitan Manila Full View Map  
Introduction of Urban Information System for Seminar

We find SRDP very efficient and they have successfully completed the above projects on time.

SRDP Consulting Inc. is in good standing with JICA and is being considered for more future projects.

Very truly yours,

  
**Yoshio Tanaka**
